New requirements regarding applications for designation and redesignation, health insurance, the collection of employment authorization information on dependants and the successful completion of criminal background checks on all Responsible Officers and Alternate Responsible Officers are proposed. In addition, the requirements set forth in Subpart F (SEVIS reporting requirements) are consolidated into Subpart A.

**SUPPLEMENTARY INFORMATION:** The Department of State is proposing modifications to § 62.2 through § 62.16 of the Code of Federal Regulations, Title 22: Foreign Relations, Part 62—Exchange Visitor Program (Subpart A—General Provisions). Subpart A has

remained largely unchanged since 1993, when the predecessor agency with oversight of the Exchange Visitor Program, the United States Information Agency (USIA), substantially rewrote all of the regulations governing the Program. (See 58 FR 15196, Mar. 19, 1993, as amended at 59 FR 34761, July 7, 1994, Redesignated at 64 FR 54539, Oct. 7, 1999). In the intervening 15 years, the Department of State has modified regulations governing certain categories of exchange and has added new categories. Significantly, the introduction of the Student and Exchange Visitor Information System (SEVIS) in 2003 required major amendments to the regulations. Proposed modifications to Subpart A are necessary to bring the general regulatory provisions in line with the category-specific sections or simply to update the regulations to reflect generic business changes that have occurred during the past 15 years.

The proposed rule includes a new provision requiring all new applicants for sponsor designation to be subject to “on-site” reviews. Such reviews, conducted by the Department of State or a third party on its behalf, will be required before a new applicant is designated as a sponsor. Site visits of existing sponsors may occur at the discretion of the Department. The applicants and/or sponsors will bear the cost of these reviews.

The Department of State also proposes to require potential Responsible Officers (“RO”) and Alternate Responsible Officers (“ARO”) to undergo a criminal background check. This requirement is reflective of the importance of the role of such individuals within sponsor organizations and their rights of access to and manipulation of data for a controlled Federal Government database. ROs and AROs are the only individuals authorized to issue and sign Form DS–2019, the “Certificate of Eligibility for Exchange Visitor (J–1) Status.” Foreign nationals who participate in the Exchange Visitor Program must obtain Forms DS–2019 in order to apply for a J–visa to gain entry into the United States. Thus, it is of vital importance that the individuals who have access to a secured Federal Government database (SEVIS) be properly vetted. The Department of State introduced without issue, in 2005, a criminal background check requirement for individuals hosting secondary school student participants. Sponsors of these programs routinely conduct over 60,000 criminal background checks each year. The Department of State anticipates that conducting criminal background checks

on ROs and AROs will be equally successful.

The Department of State will not require applicants or sponsors to submit the results of the criminal background check. Rather, a component of the process of obtaining designation or redesignation requires the Chief Executive Officer, President, or other similar official to submit, as supporting documentation to the application package, a certification that the organization's RO and AROs have undergone a criminal background check. The proposed regulation does not set specific requirements for the sponsors to follow with respect to report format, screening company, or assessment of results. The Department does anticipate, however, that a thorough criminal background check would provide management decision makers with sufficient information to determine whether ROs and AROs are citizens of the United States or lawful permanent residents, whether any record of past criminal activity should disqualify them from the positions, and whether there is pertinent information regarding their personal credit-worthiness. These three areas of review are generally examined matter regarding suitability to hold positions that affect national security.

The Department of State recommends, but does not require, that sponsors utilize the services of an accredited background screener. Sponsors who do decide to use a background screener are free to choose among a number of available options. Some entities that can assist sponsors in finding accredited background screeners to conduct their investigations include Intellicorp, Choicepoint, and members of the National Association of Professional Background Screeners (NAPBS). For example, the NAPBS has over 500 members (a list of which is located at <http://www.NAPBS.com>), all of whom are expected to adhere to the NAPBS code of conduct governing background investigations and confidentiality. Use of an accredited background screener does not confirm an individual's suitability to act as an RO or an ARO and is in no way a substitution for the sponsor's judgment in making such decisions.

In July 2007, the Department of State implemented an interim final rule on Trainees and Interns that required sponsors to screen, vet and enter into written agreements with third parties who assist them in recruiting, selecting, screening, orienting, placing, training or evaluating foreign nationals who participate in training and internship programs. This requirement is relevant

to sponsors who rely upon "host organizations" to provide the actual training or intern programs. It also affects foreign agents who play a vital role in the selection of potential exchange visitors. These trainee and intern regulations require all third parties—foreign and domestic alike—to provide Dun & Bradstreet identification numbers. Similarly, this proposed rule requires all applicants for sponsor designation to submit current Dun & Bradstreet Business Information Reports on themselves. A current Dun and Bradstreet Business Information Report is also required of all sponsors with the submission of an application for redesignation. Further, sponsors seeking redesignation will be required to submit a list of all third parties with whom sponsors have executed written agreements to act on their behalf and separate certifications that the sponsors have obtained Dun & Bradstreet Business Information Reports on all of such third parties.

The proposed rule addresses the current levels of health insurance coverage a sponsor must require that its exchange visitor (and spouse and dependants) must maintain during the duration of their program participation. The Department of State proposes no substantive changes to the insurance requirements with the exception of the addition of dental insurance coverage. Instead, the Department is proposing to increase the levels of coverage so they more accurately align with current health and accident costs and industry standards. Over time, the Department has found that sponsors have differing interpretations regarding the period of time for which insurance coverage is required. To eliminate this area of ambiguity, additional language has been added to explain the timeframe of required coverage from "entry to exit".

The Department of State proposes to collect information on the employment of the accompanying spouse and dependants while in the United States. As a security matter, current information on the employment entity and work location of dependants is necessary.

Definitions have been added or modified to clarify or reflect changes. New definitions in this proposed rule clarify SEVIS functions or fields or reflect changes that have occurred since 1993.

The term "accredited educational institution" has been changed to "accredited academic institution." In the proposed definition, the Department of State clarifies that educational institutions that offer primarily vocational or technical courses of study

are not considered academic. The addition of the "technical" distinction parallels the Department of Education's replacement of regulations governing purely "vocational" studies with a new "vocational/technical" classification that acknowledges the new information technology curricula that are neither vocational nor academic.

Three SEVIS-related definitions have been added to the proposed regulations: "actual and current U.S. address," "site of activity," and "validation." The first two definitions are critical as they relate to the physical location of the exchange visitor. Simply put, sponsors must maintain current and accurate data in these SEVIS fields so that foreign nationals may be located at the site of activity (location where the program will take place) or at the actual and current U.S. address (residence). Maintaining this information is a matter of national security. The SEVIS function of validating a record is similarly important. When an exchange visitor enters the United States and reports to his or her exchange program, the sponsor must note this occurrence in SEVIS through the validation process, thereby demonstrating that an exchange visitor is currently present in the United States and participating in the exchange visitor program identified on the Form DS-2019.

The term "Certificate of Good Standing" has been added and, for clarity, the definition for "Citizen of the United States" has been split into two: one that pertains to individuals and another that relates to legal entities.

This rule reflects changes in technology, and it moves requirements previously in Subpart F to Subpart A. The change from paper numbered forms to electronically generated Forms DS-2019 requires two fundamental alterations to the regulations. First, any requirements relating to the physical storage of unused forms are obsolete. Second, matters of national security require that circulating Forms DS-2019 (i.e., those not kept internally in a sponsor's files) must be originals. All Forms DS-2019 must be generated through SEVIS. The proposed regulations prohibit the use of scanned, copied, or electronic versions of Forms DS-2019 except in response to a request from the Department of State or the Department of Homeland Security or for maintenance of complete exchange visitor records by sponsors. The proposed rule also requires sponsors to request that potential program participants return unused Forms DS-2019, and that such forms be destroyed.

The proposed rule also clarifies those actions a sponsor must undertake to

update an exchange visitor's SEVIS record (or the record of any accompanying spouse and dependants, if any) when the exchange visitor's program participation is ended early (e.g., concluded successfully or terminated as a result of violation of program rules, regulations or U.S. law). The Department of State is reducing from 21 to ten (10) days the time a sponsor has following notification of an exchange visitor's change of circumstance to update the exchange visitor's SEVIS record (or the records of a spouse or dependants).

Finally, as a recordkeeping and administrative oversight matter, sponsors will be required to maintain current information in SEVIS on its exchange visitor program, address, telephone numbers, facsimile numbers, or email addresses. All Department communication to sponsors related to program oversight, policy, redesignation, etc. sent to ROs and AROs are generated from information contained in SEVIS. The Department will not recognize non-receipt of notification as grounds for appeal if a sponsor does not respond to a request. Sponsors are required to ensure that their spam filters do not block reception of SEVIS or Department notices. The term, "in writing" is expanded to include the option for electronic signatures to support movement toward a paperless environment.

The data collection required for management audit templates is within the scope of existing data collections (see OMB 1405-0147, Form DS-7000, Catalog of Information Collection Requirements under 22 CFR Part 62, the Exchange Visitor Program (SEVIS)).

**Note:** Current § 62.17 remains unchanged.

## Regulatory Analysis

### Administrative Procedure Act

The Department of State has determined that this Proposed Rule involves a foreign affairs function of the United States and is consequently exempt from the procedures required by 5 U.S.C. 553 pursuant to 5 U.S.C. 553(a)(1). Nonetheless, because of its importance to the public, the Department has elected to solicit comments during a 60-day comment period.

### Small Business Regulatory Enforcement Fairness Act of 1996

The Proposed Rule has been found not to be a major rule within the meaning of the Small Business Regulatory Enforcement Fairness Act of 1996.

### Regulatory Flexibility Act/Executive Order 13272: Small Business

Since this Proposed Rule is exempt from 5 U.S.C 553, and no other law requires the Department of State to give notice of proposed rulemaking, it is not subject to the Regulatory Flexibility Act (5 U.S.C. 601, *et seq.*) and Executive Order 13272, § 3(b).

### Executive Order 12866, as Amended

The Department of State does not consider this proposed rule to be a "significant regulatory action" under Executive Order 12866, as amended, § 3(f), Regulatory Planning and Review. In addition, the Department of State is exempt from Executive Order 12866 except to the extent that it is promulgating regulations in conjunction with a domestic agency that are significant regulatory actions. The Department has nevertheless reviewed the proposed rule to ensure its consistency with the regulatory philosophy and principles set forth in that Executive Order.

### Executive Order 12988

The Department of State has reviewed this proposed rule in light of §§ 3(a) and 3(b)(2) of Executive Order 12988 to eliminate ambiguity, minimize litigation, establish clear legal standards, and reduce burden.

### Unfunded Mandates Reform Act of 1995

Section 202 of the Unfunded Mandates Reform Act of 1995 (UFMA), Public Law 104-4, 109 Stat. 64, 2 U.S.C. 1532, generally requires agencies to prepare a statement before proposing any rule that may result in an annual expenditure of \$100 million or more by state, local, or tribal governments, or by the private sector. This rule will not result in any such expenditure, nor will it significantly or uniquely affect small governments.

### Executive Orders 12372 and 13132

This regulation will not have substantial direct effects on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. Therefore, in accordance with § 6 of Executive Order 13132, it is determined that this rule does not have sufficient federalism implications to require consultations or warrant the preparation of a federalism summary impact statement. Executive Order 12372, regarding intergovernmental consultation on Federal programs and activities, does not apply to this regulation.

### Paperwork Reduction Act

The information collection requirements contained in this proposed rulemaking (criminal background screening of Responsible Officers ("ROs") and Alternate Responsible Officers ("AROs") are pursuant to the Paperwork Reduction Act, 44 U.S.C. Chapter 35. Specifically OMB Control Number 1405-0147, expiration date: 09/30/2010, applies: *Form DS-3037—Update of Information on Exchange Visitor Program Sponsor, Form DS-7000—Catalog of Information Collection Requirements Under 22 CFR Part 62, the Exchange Visitor Program (SEVIS)*.

SEVIS records with program durations that are less than 30 days must be validated prior to the "Program

End Date" reflected in SEVIS. Prior to validation, a sponsor may amend the program start date and must update the SEVIS record to reflect the actual and current U.S. address and site of activity in SEVIS. The status of SEVIS records that are not validated according to this schedule will automatically change to "Invalid" or "No Show".

(2) Failure of exchange visitor to begin program. A sponsor must report in SEVIS, no later than 30 calendar days after the "Program Begin Date" listed in SEVIS, the failure of an exchange visitor to report to his or her sponsor upon entry in the United States (*i.e.*, failure of exchange visitor to begin an exchange visitor program as scheduled). This will change the status of the exchange visitor's SEVIS record from "Initial" to "No Show".

(3) End of exchange visitor's program. A sponsor must report in SEVIS any withdrawal from or early completion of an exchange visitor's program that occurs prior to the "Program End Date" listed in SEVIS on the exchange visitor's Form DS-2019. The sponsor must not alter the "Program End Date" field, but should enter the date of program completion in the "Effective Date of Completion" field. This will change the status of the exchange visitor's SEVIS record from "Active" to "Inactive." Such notification in SEVIS ends a sponsor's programmatic obligations to the exchange visitor and/or his or her accompanying spouse and dependants.

(4) Accompanying spouse and dependant records. A sponsor must report in SEVIS if an accompanying spouse and/or dependants depart from the United States prior to the exchange visitor's departure date.

(5) Termination of an exchange visitor's program. A sponsor must promptly report in SEVIS the involuntary termination of an exchange visitor's program. The sponsor must not alter the "Program End Date" field, but should enter the date of program termination in the "Effective Date of Termination" field. This will change the status of the SEVIS record from "Active" to "Terminated". Such notification in SEVIS ends a sponsor's programmatic obligation to the exchange visitor and spouse and dependants, if any, and prevents the sponsor from thereafter extending the exchange visitor's duration of participation, transferring the exchange visitor to another program, or changing the exchange visitor's category. Sponsors must not terminate the program of an exchange visitor who voluntarily ends his or her program.

(b) *Change of circumstance of an exchange visitor.* A sponsor must

promptly notify the Department of State via SEVIS of any of the following circumstances:

(1) Change in the actual and current U.S. address. A sponsor must ensure that the actual and current U.S. addresses of an exchange visitor are reported in SEVIS:

(i) A sponsor must update the actual and current U.S. address information in SEVIS for an exchange visitor within 10 days of being notified by an exchange visitor of a change in address. A sponsor who is responsible for the placement or housing of such exchange visitors must promptly update a change in the actual and current U.S. address in SEVIS;

(ii) A sponsor must report the U.S. mailing address (*i.e.*, provide a P.O. Box number) in SEVIS in those limited cases where mail cannot be delivered to the exchange visitor's actual and current U.S. address (*e.g.*, the exchange visitor resides in a campus setting);

(iii) If a U.S. mailing address is reported to SEVIS, a sponsor must also maintain records in SEVIS of actual and current U.S. addresses (*e.g.*, dormitory, building and room number) for such exchange visitors; and

(iv) Failure to update the actual and current U.S. addresses of their exchange visitors as required, may be grounds for revocation of a sponsor's exchange visitor program designation, as set forth in § 62.50(a).

(2) Change in site of activity. A sponsor must report in SEVIS any change to an exchange visitor's site of activity by entering the new site within ten (10) calendar days of notification of such a change where sponsor rules or regulations permit such a change. A sponsor must promptly enter any change in the site of activity in those instances where the sponsor is responsible for the placement. A sponsor must identify the "primary" site of activity of an exchange visitor if multiple sites of activity are reported in SEVIS.

(c) *Change in sponsor's circumstance.* A sponsor must report within ten (10) days in SEVIS or directly to the Department of State, if appropriate, any material changes to its exchange visitor program as follows:

(1) Change of business and/or mailing address, telephone number, facsimile number, or e-mail address;

(2) Change in the composition of the sponsor organization that affects its U.S. citizenship status as defined in § 62.2;

(3) Change of RO or ARO;

(4) Major change of ownership or control of the sponsor's organization as defined in § 62.60(e);

(5) Change of the sponsor's principal place of business to a location outside the United States;

(6) Change in financial circumstances that may render the sponsor unable to comply with its obligations as set forth in § 62.9(e);

(7) Loss of licensure or accreditation;

(8) Loss or theft of Forms DS-2019, in which case a sponsor must notify the Department of State promptly by telephone (confirmed promptly in writing by facsimile or e-mail) of the SEVIS identification numbers of such Forms DS-2019 that have been lost or stolen;

(9) Any litigation related to a sponsor's exchange visitor program, in which the sponsor or an exchange visitor is a named party;

(10) A decision by the sponsor to voluntarily cancel (withdraw) its exchange visitor program designation; or,

(11) Any other material facts or events that may have an impact on the sponsor's ability to properly administer or conduct its exchange visitor program.

(d) *Serious problem or controversy.* A sponsor must inform the Department of State on or before the next business day by telephone (confirmed promptly in writing by facsimile or e-mail) of any serious problem or controversy which could be expected to bring the Department, the Exchange Visitor Program or the sponsor's exchange visitor program into notoriety or disrepute.

#### § 62.14 Insurance.

(a) A sponsor must require that all exchange visitors and their spouse and dependants, if any, have insurance in effect that covers the exchange visitors for sickness or accidents during the period of time that they participate in the sponsor's exchange visitor program. A sponsor may offer insurance, but is not required, to ensure that exchange visitors have "entry to exit" coverage. The period of required coverage is the actual duration of the exchange visitor's participation in the sponsor's exchange visitor program. Minimum coverage must provide:

(1) Medical benefits of at least \$200,000 per accident or illness;

(2) Repatriation of remains in the amount of \$25,000;

(3) Expenses associated with the medical evacuation of exchange visitors to his or her home country in the amount of \$50,000;

(4) Deductibles not to exceed \$500 per accident or illness; and

(5) Dental insurance in the amount of \$10,000.

(b) Insurance policies secured to fulfill the requirements of this section:

(1) May require a waiting period for pre-existing conditions that is reasonable as determined by current industry standards;

(2) May include provisions for co-insurance under the terms of which the exchange visitor may be required to pay up to 25% of the covered benefits per accident or illness; and

(3) Must not unreasonably exclude coverage for perils inherent to the activities of the exchange program in which the exchange visitor participates.

(c) Any policy, plan, or contract secured to fill the above requirements must, at a minimum, be:

(1) Underwritten by an insurance corporation having an A.M. Best rating of "A-" or above; an Insurance Solvency International, Ltd. (ISI) rating of "A-i" or above; a Standard & Poor's Claims-paying Ability rating of "A-" or above, a Weiss Research, Inc. rating of B+ or above, or such other rating as the Department of State may from time to time specify; or

(2) Backed by the full faith and credit of the government of the exchange visitor's home country; or

(3) Part of a health benefits program offered on a group basis to employees or enrolled students by a designated sponsor; or

(4) Offered through or underwritten by a federally qualified Health Maintenance Organization or eligible Competitive Medical Plan as determined by the Health Care Financing Administration of the U.S. Department of Health and Human Services.

(d) Federal, State or local government agencies; State colleges and universities; and public community colleges may, if permitted by law, self-insure any or all of the above-required insurance coverage.

(e) At the request of a non-governmental sponsor of an exchange visitor program, and upon a showing that such sponsor has funds readily available and under its control sufficient to meet the requirements of this section, the Department of State may permit the sponsor to self-insure or to accept full financial responsibility for such requirements.

(f) The Department of State may, in its sole discretion, condition its approval of self-insurance or the acceptance of full financial responsibility by the non-governmental sponsor by requiring such sponsor to secure a payment bond in favor of the Department guaranteeing the sponsor's obligations hereunder.

(g) An accompanying spouse and/or dependant is required to be covered by insurance in the amounts set forth in paragraph (a) of this section. A sponsor

must inform exchange visitors of this requirement, in writing, in advance of the exchange visitor's arrival in the United States.

(h) An exchange visitor who willfully fails to maintain the insurance coverage set forth above while a participant in an exchange visitor program or who makes material misrepresentations to the sponsor concerning such coverage will be deemed to be in violation of these regulations and will be subject to termination as a participant.

(i) A sponsor must terminate an exchange visitor's participation in its program if the sponsor determines that the exchange visitor or any accompanying spouse or dependant willfully fails to remain in compliance with this section.

#### § 62.15 Reporting requirements.

Sponsors must submit an annual report to the Department of State which is to be generated through SEVIS. Such report must be filed on an academic, calendar or fiscal year basis, as directed the Department of State, and must contain the following:

(a) *Program report and evaluation.* A brief summary of the activities in which exchange visitors were engaged, including an evaluation of program effectiveness;

(b) *Reciprocity.* A description of the nature and extent of reciprocity occurring in the sponsor's exchange visitor program during the reporting year;

(c) *Cross-cultural activities.* A summary of the cross-cultural activities provided for its exchange visitors during the reporting year;

(d) *Proof of insurance.* Certification of compliance with insurance coverage requirements set forth in 62.14.

(e) *Certification.* All annual reports must include the following certification:

"I have reviewed this report of my organization's operation of a Department of State designated exchange visitor program and hereby certify that adequate staff and resources are devoted to the administration and oversight of this program and that internal controls adequate to ensure regulatory compliance are in place."

(1) For exchange visitor programs classified as "Government Programs," this certification will be signed by RO.

(2) For exchange visitor programs classified as P-1 or P-2 "Academic Programs," this certification will be signed by the institution's Chief Financial Officer.

(3) For exchange visitor programs classified as P-3 and P-4 "Private Sector Programs," this certification will be signed by the organization's Chief

Financial Officer. In addition to the Annual Report required above, all P-3 and P-4 "Private Sector" programs must file a program specific management audit (in a format approved by the Department of State).

(f) *Program participation.* A numerical count, by category, of all exchange visitors participating in the sponsor's program for the reporting year (active status).

#### § 62.16 Employment.

(a) An exchange visitor may receive compensation from the sponsor or the sponsor's appropriate designee for employment when such activities are part of the exchange visitor's program.

(b) An exchange visitor who engages in unauthorized employment shall be deemed to be in violation of his or her program status and is subject to termination as a participant in an exchange visitor program.

(c) The acceptance of employment by an accompanying spouse or dependant of an exchange visitor is governed by Department of Homeland Security regulations. An exchange visitor must report to his or her sponsor the Employment Authorization Document (EAD) number and the validation and expiration dates of the authorized period of employment for any accompanying spouse and each dependant. As required by 62.10(d)(6), sponsors must report accompanying spouse and dependant EAD information in SEVIS.

## DEPARTMENT OF HEALTH AND HUMAN SERVICES

### 42 CFR Part 84

RIN 0920-AA10

#### Approval Tests and Standards for Closed-Circuit Escape Respirators; Notice of Proposed Rulemaking

**AGENCY:** Centers for Disease Control and Prevention (CDC).

**ACTION:** Notice of proposed rulemaking.

**SUMMARY:** This notice proposes updated requirements that the Department of Health and Human Service's (HHS), Centers for Disease Control and Prevention's (CDC) National Institute for Occupational Safety and Health

(NIOSH) would employ to test and approve closed-circuit respirators used for escaping atmospheres considered to be immediately dangerous to life and health, including such respirators required by the Mine Safety and Health Administration (MSHA) for use in underground mines. NIOSH and MSHA jointly review and approve this type of respirator used for mine emergencies under 42 CFR pt. 84. Approval of Respiratory Protective Devices. NIOSH also approves these respirators used in other work environments where escape equipment may be provided to workers, such as vessels operated by U.S. Navy and Coast Guard personnel. The proposed rule would replace only those technical requirements in 42 CFR Part 84—Subpart H that are uniquely applicable to closed-circuit escape respirators (CCERs), a subset of the variety of escape respirators presently covered by Subpart H. All other applicable requirements of 42 CFR Part 84 would remain unchanged. The purpose of these updated requirements is to enable NIOSH and MSHA to more effectively ensure the performance, reliability, and safety of CCERs.

**DATES:** CDC invites comments on this proposed rule from interested parties. Comments must be received by February 9, 2009.

##### II. Background

###### A. Introduction

A closed-circuit escape respirator (CCER) technically defined as a closed-circuit, self-contained breathing apparatus (SCBA) used for escape, is used in certain industrial and other work settings during emergencies to enable users to escape from atmospheres that can be immediately dangerous to life and health. The CCER, known in the mining industry as a self-contained self-rescuer (SCSR), is primarily used by miners to escape dangerous atmospheres in mines. It is also used by certain Navy personnel, such as crews working below decks on vessels, to escape dangerous atmospheres. To a lesser extent, it is also used by other industries involved in working
